History

- 1969 : Datascrip started out as a humble stationery store with an expanding product line from stationery to office equipment, office machines, drafting machines, office furniture, computers and printers.
- 1979 : The Company's Core Business was Office System.
- 1985 : Company's Core Business developing into System for Business.
- 1997 : Became known as Office Solution Company.
- 2000 : Repositioned as Business Solution Provider.
Datascrip's foray into information technology is strengthened by its existing product portfolio and 43 years of management experience.
